NOTICE OF LOW-LEVEL FLIGHTS

April 26th – June 15th, 2024

VARIOUS LOCATIONS

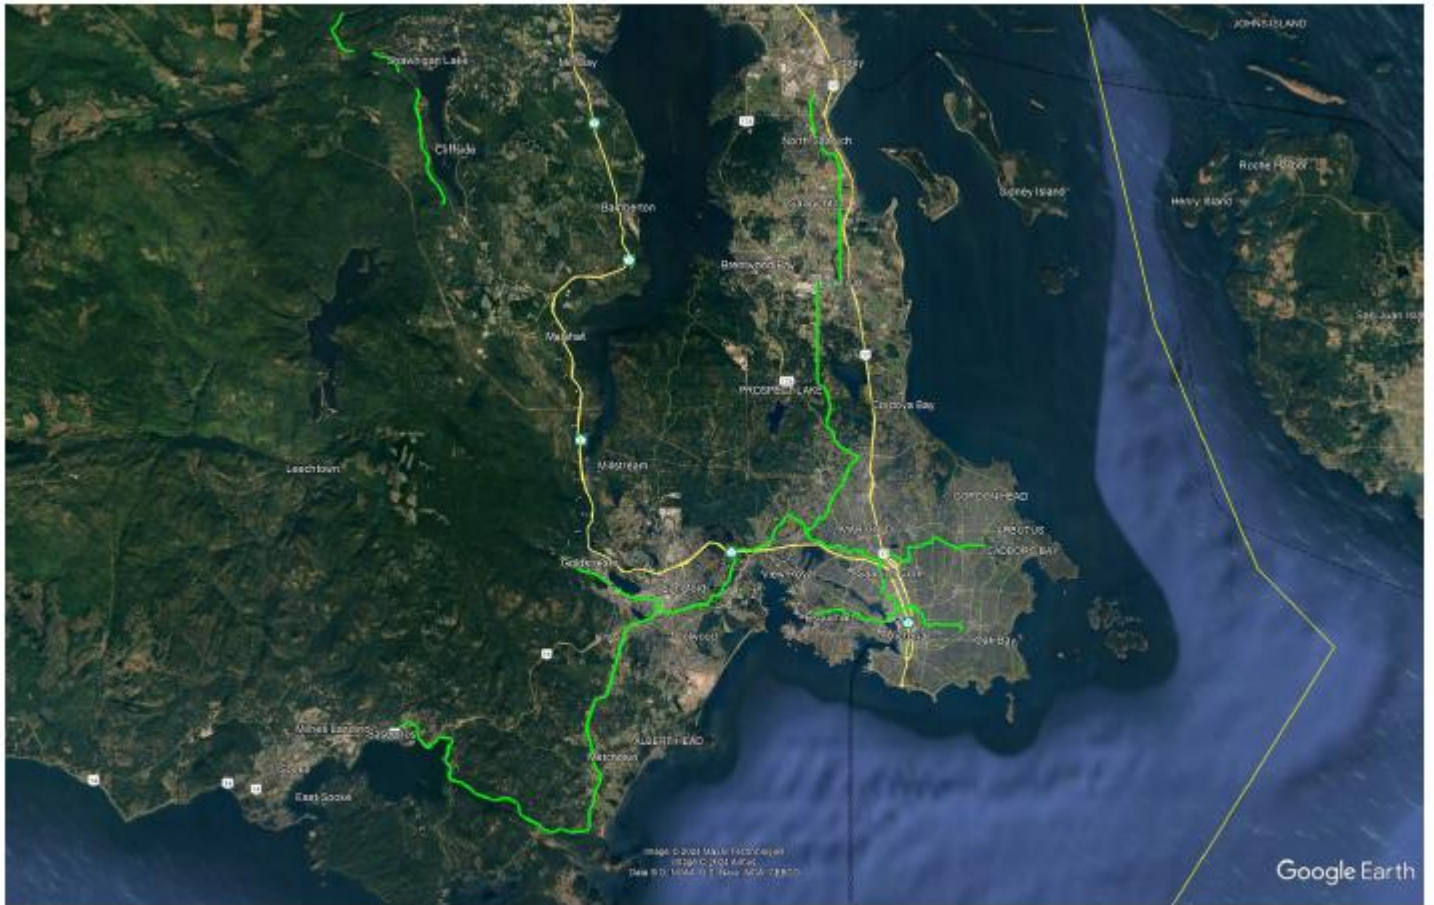

Please be advised that Talon Helicopters Ltd will be completing low-level flying over the Capital Regional District (CRD) on behalf of FortisBC. Flights will occur between April 26th and June 15th, 2024, over various locations within the CRD.

FortisBC has noted that these flyovers are part of their annual inspection of high-pressure transmission natural gas lines. The helicopters use LaSen's aerial LiDAR detection technology to inspect pipelines in order to detect any issues with FortisBC infrastructure.

If you have any questions or concerns regarding the above inspection work, please contact FortisBC at 1-888-224-2710 or visit www.fortisbc.com/communityupgrades.

See Page 2 for map of work zone.
