Re: Variance for garage length at 25 Chancellor Avenue

Presently, our garage measures 9.144 metres in length.
We wish to build a new garage using the existing footprint.

However, we are only allowed 7.5 metres.

We are requesting a variance for the difference.

Kind regards

A handwritten signature in black ink, appearing to read "B. Westwood". The signature is written in a cursive style with a horizontal line extending from the end.
