

CRD WATER SERVICES

WATER MAIN UPGRADE ADVISORY

ADMIRALS ROAD FROM MAPLEBANK ROAD TO ISLAND HIGHWAY/CRAIGFLOWER ROAD DECEMBER 2016 TO MARCH 2017

-UPDATE-

CRD Integrated Water Services will be replacing their water main on Admirals Road from Maplebank Road (just north of the Esquimalt municipal border) to the Island Highway/Craigflower Road intersection in View Royal starting in December 2016. The project is scheduled for completion by March 2017.

From Thursday, March 2nd, 2017 to approximately mid-March, CRD Water crews will be installing and connecting the last section of new water main between Aldersmith Place and the Island Highway/Craigflower Road intersection, mainly during the nighttime hours of 7:00PM to 6:00AM. Single lane alternating traffic will be in effect. Periodic work during the daytime hours of 9:00AM to 3:00PM will occur as well, resulting in some traffic delays.

Periodic paving of the new water main trenches on Admirals Road, from Aldersmith Place to the Island Highway/Craigflower Road intersection, will take place during the daytime hours of 9:00AM to 3:00PM to approximately mid-March, weather dependent. Single lane traffic will be in effect along Admirals Road through the paving area.

Traffic Control Persons will be situated in, and in advance of, the work zone to assist motorists, pedestrians and cyclists.
