

Have you ever wondered what best practices and tools are available to Local Government for **Heritage Conservation?**

This workshop will help answer that question and more! We will explore the current best practices and thinking about heritage building conservation, and will focus on values based conservation. We will also take a peek inside the legal toolkit available to View Royal for heritage conservation. Finally, we will look at a case study of a community much like ours and how they started a heritage program.

Saturday, November 18, 2017
10am - noon

View Royal Public Safety Building
333 Island Hwy

Please park in the upper lot to the right of the building.
