ROAD WORKS ADVISORY

THURSDAY, DECEMBER 3rd, 2015

TO

SATURDAY, DECEMBER 12th, 2015

HELMCKEN ROAD AND WATKISS WAY

AT EAGLE CREEK VILLAGE

Please be advised that the Eagle Creek Village Development will be carrying out paving works on Helmcken Road and on Watkiss Way, including through the signalized intersection at Helmcken Road and Watkiss Way, from December 3rd to December 12th, weather dependent. The contractors carrying out this work are Northridge Excavating and Island Asphalt.

If weather is unfavourable for paving, work will be rescheduled to the next suitable weather day.

Emergency vehicles will be treated with utmost priority and will have immediate access as required. Traffic Control Persons will be situated in the work zones to assist pedestrians and cyclists.

For work taking place in the intersection, the traffic signal will be put into flash operation, with Traffic Control Persons solely directing traffic.

Temporary lane lines will be put in place until the paving is completed and permanent pavement markings are installed, so extra caution when travelling in this area is advised.

Due to anticipated traffic congestion, we recommend the use of alternate routes if at all possible.

If you have any questions or concerns regarding the above, please contact Scott Cownden with Northridge Excavating at 250.479.4373.
