BURNETT ROAD UPGRADES FROM ISLAND HIGHWAY TO THE E&N RAIL TRAIL

ADVISORY TO RESIDENTS

The Town of View Royal will be carrying out improvements on the east side of Burnett Road, from the Island Highway to the new E&N Rail Trail. Key components of the project include the installation of a concrete sidewalk, designated bike lane and associated improvements to drainage infrastructure.

Construction is tentatively scheduled to commence October 26th, 2016 and is anticipated to take approximately six to seven weeks to complete, however this is dependent on favourable weather. The General Contractor for the project is Victoria Contracting and Municipal Maintenance Corporation (VCMCC).

Hours of work will be from 7:30AM to 4:00PM, Monday to Friday. Lane closures with alternating single lane traffic will be in effect during these times throughout the construction period.

Emergency vehicles will be treated with utmost priority and will have immediate access as required. Traffic Control Persons will be situated in the work zone to assist pedestrians and cyclists.

We ask that you lower your speed and use caution when travelling past the work zone.

For further information regarding this project, please contact the Town's Engineering Department at (250) 479-6800.
