45 View Royal Avenue
Victoria BC V9B 1A6

Reference Property: Hallowell Road from E & N Rail Trail to Admirals Road

Dear Town of View Royal:

Re: E&N Rail Trail - Notice of Trail Construction

The Capital Regional District (CRD) has awarded the construction contract to Hoel Engineering Group to construct a 300 meter section of E&N Rail Trail along the south side of Hallowell Road connecting the recently completed trail at Admirals Road to the Hallowell Road rail crossing.

We anticipate mobilization to site in June with construction commencing shortly thereafter. During the course of construction we anticipate minimal disruption to local vehicular/pedestrian/bicycle traffic. Work will generally be between the hours of 7 am to 5 pm Monday to Friday with occasional Saturday work as per View Royal Bylaws. There is no anticipated night work.

Note that public access will be restricted to the active work zone. Your cooperation is appreciated.

Updates on the progress of the E&N Rail Trail development are available on the Regional Parks website (<http://www.crd.bc.ca/parks>). Our estimated completion will be in the Fall of 2018.

If you have any concerns during construction please contact our Site Superintendent, Dayn Hoel, at 250-888-1981 or our office at 250-476-6906. The CRD contact for the project is Ben Martin. P.Eng and he can be reached at 250-360-3242 or bmartin@crd.bc.ca.

Sincerely,

Dayn Hoel
