**Attention Planning Dept.;**

**Subject: Letter of Support- Board of Variance Application 316 Jalan Place**

Good day,

Please accept this letter as our support for the subject noted Variance Application (BOV 2024-01) of our next-door neighbours at 316 Jalan Place. We have had the opportunity to review the application along with the detailed plan and provide our full support.

In support of this application, we find it will only enhance the property and the neighbourhood without impeding or interfering with neighbouring properties. The efforts by the homeowners in maintaining and improving their property throughout their ownership is very evident and this deck improvement project just confirms it further. *We believe without hesitation, the plans for the new deck are appropriate and ensure consideration for their neighbours, while providing a vested interest in improving their property with this new deck proposal.*

Please don't hesitate to reach out if we can be of any further assistance.

**Kindest regards,**

**Shannon Peterson /
