Development Variance Application

Page 3 of 7

A complete application for Development Variance Permit contains:

- ☐ Fully completed application form
- ☐ Letter addressed to Mayor and Council explaining details of the proposal, rationale and justification (see attached sheet for details)
- ☐ Copy of current Certificate of Title (no older than 30 days) and copies of any title restrictions e.g. restrictive covenants, easements, rights of way
- ☐ Context Plan showing subject property in relation to surrounding land uses and other features
- ☐ Site Plan
- ☐ BC Land Surveyors Certificate (BCLS) confirming current parcel size, location of existing and proposed buildings and if subdivision is proposed, the lot layout and sizes
- ☐ Elevations at a minimum scale of 1:100 (alternate scale may be appropriate, discuss with staff to determine if applicable)
- ☐ One complete sets of all plans submitted
- ☐ One digital copy of all plans and submittal documents.
- ☐ Building Code Information is not required for a Development Variance Permit
- ☐ Contaminated Sites Information (not required for a Development Variance Permit if the activity which the permit allows does not involve any disturbance or excavation of soil)
- ☐ Application Fees (*Please contact Development Services to determine the total fees for your application*). The appropriate fees must be submitted at the time of application

Supplementary Information (to be determined based on the type, scale and location of the project)

- ☐ Archaeological Impact Assessment
- ☐ Geotechnical Assessment
- ☐ Riparian Area Assessment
- ☐ Traffic/Transportation Impact Study
- ☐ Landscape Plan
- ☐ Tree Inventory and Tree Protection Plan (if applicable)
- ☐ Servicing Plan
- ☐ Sections
- ☐ Floor Plans
- ☐ Environmental Overview Assessment

Contaminated Sites Information

Pursuant to the **Waste Management Act**, the Province of British Columbia requires an applicant to submit a Site Profile Form on properties that are or were used for commercial or industrial purposes as defined within the provincial regulations, i.e. Schedule 2 activities. Please indicate if the subject property qualifies for the following major exemptions for requiring a Site Profile:

- ☐ The property has only been used for residential purposes
- ☐ There will be no disturbance or excavation of soil involved as part of your proposal

Signature of Applicant

Date

If a major exemption does not apply, then please obtain the information package on the Site profiles from Planning Staff. More information is available at www.gov.bc.ca/wlap

Rationale for Your Proposal

A complete application includes a letter to Mayor and Council explaining details of the proposal which also provides a rationale and justification for the application. This is required to assist Council, staff and the community in the review of your proposal. The following questions are provided to guide you in the preparation of your letter (some or all may be applicable):

- ☐ Does the proposal conform to the recommendations of the Official Community Plan and any other relevant municipal policies?
- ☐ What are the economic, environmental and social/cultural benefits of your proposal e.g. increased tax base, number of jobs, housing affordability, sensitive area protection, etc? How does your proposal contribute to the long term sustainability goals of the Official Community Plan? How does your proposal support reduction of greenhouse gas emissions?
- ☐ What is the demonstrated public need or demand for the proposal? Does the location meet a demand or need which is not already met in this location?
- ☐ Is the public infrastructure (e.g. sewer, storm sewer, water, roads, sidewalks, parks etc.) adequate in this area to meet your proposal? If not how does your proposal address infrastructure and service requirements?
- ☐ Does your proposal complement or improve conditions in the surrounding area? What effects would this proposal have on the immediate neighbours? Consider traffic, noise, activity levels, odours, removal of natural landscape and trees, privacy, views etc? What mitigation is being provided?
- ☐ How well does the proposed development relate to the neighbourhood? Is the design in keeping with existing or anticipated development in the community? Consider building height, massing, orientation, setbacks and streetscape.

Application Fees

Please contact Development Services to determine the total fees for your application. The appropriate fees must be submitted at the time of application.
