View Royal Official Community Plan Workshops

Last updated in 2011, the View Royal Official Community Plan (OCP) provides a long-term vision for the community and provides guidance on future planning, land use and development. The Town is seeking community members insights and perspectives as part of the OCP update. The OCP update is an opportunity to examine important topics and to get community feedback on how we can best prepare for and direct change.

Join us online for a second round of OCP Workshops to share your views on 'how we grow' in View Royal. Workshops will be held by Zoom meeting. To participate in an online workshop, use a link below to register for a date/time that best suits your schedule. Please note, content at each workshop will be identical, so please register for just one workshop.
