Active Transportation Online Survey

Do you walk to the grocery store? Cycle to work? Ride e-scooter to school? You are invited to share your feedback to help us improve active transportation in View Royal!

- [Take Online Survey #1](#) to provide your feedback on the challenges when using active transportation in View Royal and what changes you would like to see addressed in the new Active Transportation Network Plan.

The Town is making significant strides towards achieving the goal to shift the primary mode of transportation within View Royal away from the vehicle towards more greener modes of transport by undertaking the development of its first ever Active Transportation Network Plan (ATNP).

Active transportation includes any form of human-powered transportation such as walking and cycling but also encompasses a variety of other modes such as using a skateboard, roller skates or in-line skates, a wheelchair, or a mobility aid.

Approval of Town of View Royal Annual Report for 2021

At the meeting on July 19, 2022, Council adopted the Annual Report for Year Ended December 31, 2021. The Annual Report contains both an “Administrative” portion that outlines the Town’s highlights and major projects for 2021, shows the progress on our 2021 municipal goals and objectives and gives insight into plans for 2022; and a “Financial” portion which contains financial statements for 2021.

A copy of the Annual Report is available at
