A New Look, With Accessibility in Mind

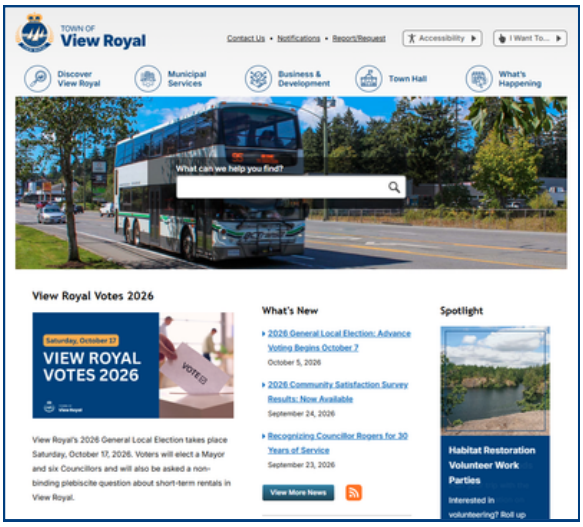

The Town has completed improvements to the Town Hall front entrance and launched a refreshed municipal website (www.viewroyal.ca). Both projects are supported by a Local Community Accessibility Grant from the Social Planning and Research Council of British Columbia (SPARC BC).

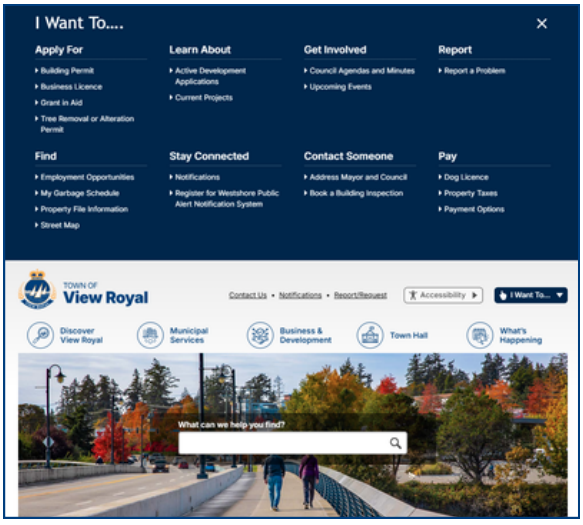

We want to hear from the community about these improvements and how they support accessibility, usability and access to Town information. Your feedback will help us understand what is working well and where there may be opportunities to improve. Please take a few minutes to share your experience with either or both projects.

Feedback deadline: November 24, 2026

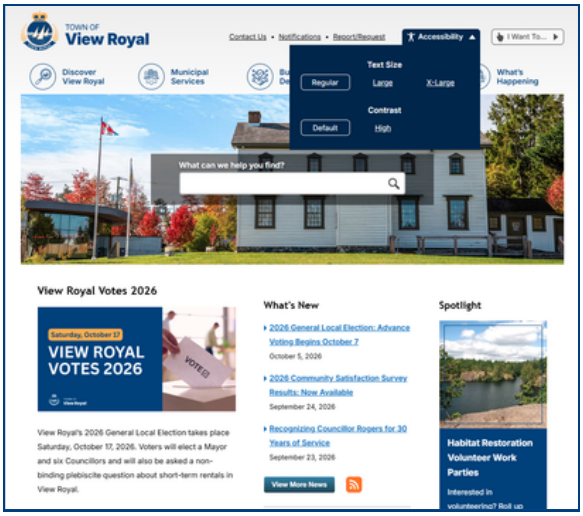

Thank you for helping the Town improve accessibility and the experience of accessing Town Hall services and information.
